[Pull-tight seal]

Security seals

Pull-tight seals are security seals for many applications. Each seal is closed like a plastic tie and can be closed without any tool. Each cinch-up seal has a label preprinted with a consecutive number and the word "SEALED".

The security seals cannot be opened and can only be removed by destroying it.

Our adjustable seals are available in different lengths, strengths and security levels. Each seal can be personalised to your demands either fix a text or a company logo.

Pull-tight seal "ADJ"

Our security seal "ADJ 315" is an adjustable, easy to use, self locking pull-tight seal. Favourable price, speedy application.

This seal is available in two different lengths and various colours.

[Tamper evident carton sealing tape]

Tamper evident tape

Self voiding products are designed for packaging and paper applications where an additional layer of security is needed when sealing boxes and packages.

Every attempt to remove the tape will leave the message "VOID" on the box giving warning of violation. The tamper evident message is noticeable irreversible once revealed.

Tamper evident carton sealing tape - Premium

Available colours:

Our tamper evident carton sealing tape "Premium" is a highest quality tape. It is a high performance acrylic adhesive tape with excellent adhesive grab and total voiding when opened on most paper and carton surfaces. When peeled, the tape will reveal a hidden VOID message by depositing a layer of itself on the applied surface. The VOID message cannot be reversed.

How to apply: The surface should be dry, dust and grease free and thoroughly clean. Avoid touching the exposed adhesive surface of the tape. The adhesive used on these tapes are pressure sensitive, plesae ensure sufficient pressure is applied to the tape.

This tamper evident tape comes on a 3" (76 mm) core suitable for each standard tape dispenser.
Tamper evident tape - VOID premium - Characteristics:
Width: 48 mm
Length: 50 meter
Colours: brown, blue, red

Tamper evident carton sealing labels - Premium

Available colours:

Our tamper evident carton sealing labels "Premium" is a highest quality tape. It is a high performance acrylic adhesive tape with excellent adhesive grab and total voiding when opened on most paper and carton surfaces. When peeled, the tape will reveal a hidden VOID message by depositing a layer of itself on the applied surface. The VOID message cannot be reversed.

How to apply: The surface should be dry, dust and grease free and thoroughly clean. Avoid touching the exposed adhesive surface of the tape. The adhesive used on these tapes are pressure sensitive, plesae ensure sufficient pressure is applied to the tape.

Each label has a perforation every 150 mm so you can tear appart the single labels easily. Each label has its own unique code that will never be duplicated.

Tamper evident carton sealing tape - VOID premium - Characteristics
Label size: 148x48 mm
Width: 48 mm
